The civil rights movement (also known as the American civil rights movement and other terms) in the United States was a decades-long struggle with the goal of enforcing constitutional and legal rights for African Americans that other Americans already enjoyed. With roots that dated back to the Reconstruction era during the late 19th century, the movement achieved its largest legislative gains ...

Procrastination is the avoidance of doing a task that needs to be accomplished. It could be further stated as a habitual or intentional delay of starting or finishing a task despite its negative consequences. It is a common human experience involving delay in everyday chores or even putting off salient tasks such as attending an

appointment, submitting a job report or academic assignment, or ...

Box and Cox (1964) developed the transformation. Estimation of any Box-Cox parameters is by maximum likelihood. Box and Cox (1964) offered an example in which the data had the form of survival times but the underlying biological structure was of hazard rates, and the transformation identified this.
