

storytelling process and practice pdf

Storytelling is a means for sharing and interpreting experiences. Peter L. Berger says human life is narratively rooted, humans construct their lives and shape their world into homes in terms of these groundings and memories. Stories are universal in that they can bridge cultural, linguistic and age-related divides.

What is Narrative Therapy? A Definition. Narrative therapy is a form of therapy that aims to separate the individual from the problem, allowing the individual to externalize their issues rather than internalize them. It relies on the individual's own skills and sense of purpose to guide them through difficult times (Narrative Therapy, 2017).
