- [Voiceover] Hi, I'm James Williamson, senior author at lynda.com, and I wanna welcome you to HTML: Structured Data. In this course, we're gonna explore what structured data is, and what it can add to your projects. We'll start by exploring how structured data is used to help your site's content be more relatable by machines, such as search engines and other web crawlers.

7 October 2013 | By Estelle Metayer. Analysis is often where the ball drops as far as competitive intelligence analysts are concerned. Yet this is the only way the team can truly extract insights from the data and the intelligence gathered, and have a chance to play a role in the company's strategic planning process.
