Indecision and delays are the parents of failure. The site contains concepts and procedures widely used in business time-dependent decision making such as time series analysis for forecasting and other predictive techniques

Time Series Analysis for Business Forecasting

The California Budget & Policy Center is an organization devoted to timely, credible analysis of key policy issues facing California.

California Budget & Policy Center - Independent analysis

In finance, technical analysis is an analysis methodology for forecasting the direction of prices through the study of past market data, primarily price and volume. Behavioral economics and quantitative analysis use many of the same tools of technical analysis, which, being an aspect of active management, stands in contradiction to much of modern portfolio theory.
